

Baginton Parish Council

Risk Management Policy and Risk Assessment

Introduction

Risk assessment is a systematic general examination of working conditions, activities and environmental factors to enable the Council to identify any and all potential inherent risks. This document has been produced to enable Baginton Parish Council to assess the risks that it faces and satisfy itself that it has taken adequate steps to minimise them. The Council is committed to identifying and managing risks and to ensuring that they are maintained at an acceptable level.

The Clerk will review risks on a regular basis, including any newly identified risks, and will maintain the documented risk assessment. The review will include identification of any unacceptable levels of risk and any actions to be taken. Any action that is felt necessary to reduce or eliminate the risks will be taken by the Council, insofar as is practically possible.

The following risk assessment covers all general functions and activities undertaken by the Council. Individual risk assessments are carried out for specific activities or events, such as the Party in the Park and the Baginton Bonfire.

Financial and Management

Subject	Risk(s) Identified	H/M/L	Management/Control of Risk(s)	Review/Assess/Revise
Precept	Adequacy of annual precept in order for the Council to carry out its Statutory duties	L	Council receives detailed budget report prepared by Responsible Financial Officer (RFO) to be considered at the January meeting, including actual position and projected position to the end of year. The RFO maps out the required monies for standing costs and projects for the following year, the total of which is resolved to be the precept amount that is requested from Warwick District Council (WDC). The figure is submitted by the Clerk to WDC. The Clerk informs the Council when the monies are received.	Existing procedure adequate
